GitHub: almeidanilton · LinkedIn: José Nilton

PROFILE

Systems Analysis and Development student at FIAP, transitioning into IT. Experience in digital dentistry, CAD/CAM systems operation, file analysis and workflow improvement. I develop personal web application and automation projects, including AI integration. I am seeking an internship or entry-level opportunity in technology, eager to learn and open to new opportunities.

EDUCATION

Systems Analysis and Development - FIAP | Undergraduate Technology Degree in progress · expected: Dec/2027
Technical Diploma in Dental Prosthetics - Senac São Paulo | Completed: Jan/2024

PERSONAL PROJECTS

LabFlow | Web application · MVP in development

• A system to digitize production tracking in dental prosthetics labs, inspired by a need observed at work. The MVP includes a basic dashboard, job registration and navigation between screens.
Technologies: React, Vite and JavaScript/TypeScript. **Repository ↗**

AI Tech Digest | Automation and artificial intelligence

• An n8n workflow that monitors RSS feeds, uses Gemini to generate summaries and posts to Discord. JavaScript message processing to stay within the platform's character limit.
Technologies: n8n, Gemini and JavaScript. **Repository ↗**

Download Organizer | Java automation

• Rule-based organization of EXOCAD, STL, archive and other files, with copy and move modes and report generation. Cloud integration is a planned improvement.
Technologies: Java and java.nio.file. **Repository ↗**

TECHNICAL KNOWLEDGE

Development and automation: Java, Python, JavaScript, HTML/CSS, React, SQL, Git and GitHub.
Systems and security: Linux, command line, networks and operating systems; fundamentals of risk management, security controls, SIEM and IAM.
Cloud: AWS and Google Cloud fundamentals.

PROFESSIONAL EXPERIENCE

Laboratório New Star | CAD Designer / Senior CAD/CAM Digital Workflow Analyst | Oct/2025 - present

• Operation and configuration of CAD/CAM systems; STL file analysis and troubleshooting of systems and equipment. Organization and standardization of digital workflows.

Brudent | 3D Printing and Implant Workflow Manager / Mid-level Technician | Apr/2025 - Oct/2025

• Management of 3D printing and CAD/CAM workflows, equipment monitoring and digital file organization in collaboration with multidisciplinary teams.

Kion Dental Technology | Junior Dental Prosthetics Technician | Sep/2024 - Apr/2025

• Analysis and correction of digital and STL files; support for the standardization of CAD/CAM workflows.

Odonto+ | Junior Dental Prosthetics Technician | Jan/2020 - Dec/2023

• Work in laboratory production, daily workflow organization, process control and delivery quality.

COURSES AND CERTIFICATIONS

Google Cybersecurity Professional Certificate - Google/Coursera: in progress.
Completed courses: Play It Safe: Manage Security Risks; Connect and Protect: Networks and Network Security; Tools of the Trade: Linux and SQL - Google/Coursera.
Digital Safety and Security Awareness - Cisco · AI Agent Engineering with ADK - Google Cloud.

ADDITIONAL INFORMATION

Google Student Ambassador: 2026 · **English:** basic.
